Dear Steve:

We are quite happy to hear of your progress with your documentary, **PRAYING WITH MY LEGS**. The value of your film will be further extended by your plan for extensive outreach with interfaith and human rights groups. We applaud your commitment to presenting viewers Rabbi Heschel's powerful life story. We wish you every success in securing the resources you need for the production.

We are eager to screen **PRAYING WITH MY LEGS** when it is completed. At that time, we can see more precisely where the program might fit into an upcoming schedule. Please keep in touch as the production takes shape.

Sincerely,

Cara Liebenzon
